Mr. Davis,

Here is the information and requirements for our Live Online Class for Parts 46 & 48(b).

Information about the class:

- Streamed live with the GotoMeeting website ([www.gotomeeting.com](http://www.gotomeeting.com) for preview)
- Instructor led class using our Approved Training Plan for Part 48(b)
- Uses the same material as what we use in a public class
- Fully interactive between students and instructor (not computer based training animation)
- Complies with the Part 46 and Part 48(b) standards for training – 24-hour New Miner, 8-hour Annual Refresher, New Task Training, and Experienced Miner Training
- A signed MSHA form 5000-23 with the student's name pre-printed in box 1 is provided on the last day of class from the instructor along with his/her MIIN – sent as a PDF (Part 48(b) only)
- Part 46 certificates are emailed at the end of the class for initials and certification by the responsible party (PDF). These certificates are pre-printed with the student's name.
- We train to the customers Part 46 Training Plan. We provide an addendum to their training plan for the subjects requested and addition of our instructor to the company plan

Requirements for joining the class:

- Valid State issued ID is required and must be shown on screen
- Participation is a must, anyone who is late to the course or late from break is dropped from the course
- No more than 6 GotoMeeting Screens may be used for any one class, with no more than 10 class participants
- Must have a web cam in order to be seen by everyone in the class. This also assures that the person is in class at all times and participating
- Must have high speed internet connection
- Must have a way to communicate – can use the built in speakers and microphone, a headset with working microphone, or they can utilize the teleconference number provide to communicate with the class
- Part 46 classes – company must provide a copy of their Part 46 Training Plan along with the topics that they want to have covered
